

Open a new door to success  
in your projects & nonprofit operations  
with  
*Project Management Rebooted™*

**When things aren't working:**

- ✓ Late or incomplete grant & contract deliverables
- ✓ Unsuccessful approaches to program management & agency projects
- ✓ Inability to prioritize time & deliverables
- ✓ Too many inefficient meetings
- ✓ No PM tools in place

**KELLY SCHACTLER**  
Project Management Navigation Expert

# Project Management doesn't have to be hard

## But we've been told it is

- Confusing jargon makes it seem complex
- Belief that it's expensive to train staff sufficiently (it's not)
- A misconception we don't have time for it (you do)
- Not sure about the return on investment (it can be huge)
- Expecting our teams to do projects without the right skills & tools (not fair to your people)

*"I left Kelly's training feeling empowered and confident in applying a project management lens to my work to drive efficiency and greater impact."*

**Erica Brody,**  
Director, Program Advancement  
Northwest Center

# Project Management tools designed just for you & your team...

## Experience:

- ✦ Projects delivered with the desired outcomes, adding value to the customers you serve
- ✦ Tools & templates designed just for your organization, bringing simplicity, consistency, & clarity to the way your team works projects
- ✦ Confident project managers & leaders who are organized & lead with grace & ease

# It's Simple.

## Really.

### Here's how it works:

Assess	• We partner with your key leaders to assess and identify opportunities in your core organization processes and operational areas.
Customize	• Customize workshop sessions based on Assessment outcomes to introduce simplified project management concepts and tools.
Train	• Train your teams based on a delivery schedule that works the way you work using real projects in your organization-teams come out with actual deliverables.
Monitor	• We don't deliver and leave you hanging. Nope. We stick around and see how things are going for up to 60 days after the training has been delivered and provide support where needed.

Think your org is too small?

**Think again.**

Solutions for all  
organization sizes

**Including yours.**
