### Events

#### Nonprofit Calendar

This calendar includes brief information about known events of interest to nonprofit organizations, whether about classes, workshops, meetings, conferences or fundraising events. The intent is both to give the event visibility and to provide enough information for someone to learn more about the event and/or register for it. No effort is made to evaluate the event and listing does not indicate endorsement of the event. To have your event included here, please send as much information as possible to [Jeanette Privat](mailto:Jeanette.Privat@kcls.org). ([jeanpriv@kcls.org](mailto:Jeanette.Privat@kcls.org))
