## ABOUT US

Since 2002, the Interim Executives Academy has provided leadership continuity support to charitable organizations, trade associations, and congregations.

Our commitment to quality interim executive management has led to a certificate learning program as well as a suite of technical assistance services to support practicing interim professionals and the nonprofits that benefit from their talent.

### ENGAGE AN INTERIM LEADER

When nonprofit organizations face a leadership transition, an interim executive can provide a strong link in a succession plan, build stability, encourage team members and support the executive search while continuing the smooth delivery of service to the community.

Graduates of the Academy are available to be engaged as interim leaders to provide **6 phases and 13 protocols** to ensure a successful leadership transition.
