

# King County Nonprofit Employee Engagement Survey

**What do you like best about your job? What are some things that can improve? What feedback would you like to give your supervisor about your experience at work?**

Make your voice heard! Share how factors beyond your paycheck impact how you feel about your work. As we move forward from the difficult past few years, we want your direct feedback on what we can do to cultivate a supportive nonprofit sector where everyone feels valued and heard. Please take 15-20 minutes to complete the survey. You'll be asked to rate things such as work culture, how well your supervisor supports you, factors that lead to job satisfaction, and more.

[501 Commons](#) is conducting this [Employee Engagement Survey](#) in partnership with the King County [Veterans, Seniors, and Human Services Levy \(VSHSL\)](#) to provide nonprofits with data that can help them improve retention of talented employees and ensure stronger delivery of services.

The survey is anonymous, meaning no one at your organization, 501 Commons, or King County will know how you answered any questions. **Individual responses without identifiers** are submitted directly to 501 Commons.
